

I am writing to you from The Farm in Snitterfield. You may have or have not heard of us - We are a new(ish) Farm shop and cafe based just outside of Stratford Upon Avon, with a passion for local, high quality food. As you are a member of the local Parish councils I thought you may be interested in the following for residents of your area.

During these difficult times we are doing everything we can to support and protect both you and our staff. These measures include regular cleaning of regularly used surfaces, appropriate social distancing in our restaurant, 1 hour priority shopping for customers most at risk, staff temperature checks, sourcing extra in demand products such as toilet roll, pasta, eggs etc and much more.

One of the biggest changes we are making to adapt to the current crisis is to **provide a free delivery service to the local areas** for those who are required to stay at home. Currently this is limited to what we believe to be the most necessary items, however we are constantly reviewing and looking to expand our offering. We are also offering a 'call & collection' service where customers can collect bundles from our car park.

Here's how to order **The Farm at Home Bundles**:

1. Call us up on 01789 731807
2. Let us know what you would like to order
3. We'll offer you a delivery time slot and date - these are currently **10-12, 12-2 or 2-4** (Monday to Friday)
4. Pay over the phone with a credit or debit card
5. Let us know if you have any delivery instructions e.g. knock but leave outside the door.
6. Enjoy your Farm produce!
